5th July, 2018

Dear Parents,

Following feedback from you regarding a change to the home learning (homework) structure and further discussion with staff we will trial a new format next term.

The format will involve various activities including an assignment across the term, a mathematics activity each week, nightly reading, a physical activity, a wellbeing activity and the completion of a household chore. We believe this is a way of incorporating what your children already do, such as helping out around the house and sports / dance training etc, with their academic learning. Instructions for these activities will be included in your child's diary.

The new format will begin in Week 2. This will enable teachers to explain the expectations to their students and for you to view the format.

We will evaluate the new format at the end of the year and will seek your input into this evaluation.

Thank you,

Kind regards

Yvette Owens
